

Device as a Service

for Pepperl+Fuchs Mobile Devices
in Hazardous Areas

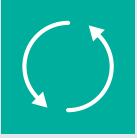

Your automation, our passion.

Optimize Cash Flow and maximize liquidity

- Align costs with economic usage of the assets
- Fixed monthly payment reduces financial unpredictability
- Preserving cash for core business or critical projects

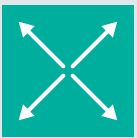

Uninterrupted efficiency

- Upgrade your technology regularly to avoid risk related with usage of obsolete assets
- Enjoy using always the latest technology

Sustainability and security

- Environmentally friendly, certified recycling of the assets after usage
- Top security data wiping
- Possible pick up and logistics of the obsolete assets

Flexibility

Tailor the contract to suit your needs to include:

- Professional services
- Accessories & peripheral devices
- Software
- Customization
- Warranties & Service contracts
- EMM system
